The bergamot, a small yellow citrus fruit, is inedible raw, but its rind yields an essential oil much used in perfumery and confectionery. In 1850, at the suggestion of a perfumer, a candy-maker in Nancy succeeded in marrying the essence of bergamot with sugar, and the bergamot of Nancy was born. The translucent amber candy was awarded an AOP (Appellation d'Origine Protégé) in recognition of its special place in French confectionery. The lid of the tin features a picture of Nancy's beautiful Place Stanislas.

MARRONS GLACÉS

This family business was founded in 1896. It specializes in the production of the most exquisite candied chestnuts, along with chestnuts in syrup, chestnut cream and candied fruit peel. Selection of ingredients is stringent: all chestnuts are of controlled origin, from Turin or Naples. Other ingredients are of the highest quality as well: sugar, MGO-free wheat glucose, and genuine Bourbon-Madagascar vanilla beans. True to the ancestral recipe, the candied and syrup chestnuts are processed in tulle muslin. In this process the raw chestnuts are wrapped in pairs in muslin. This keeps the fruit whole and prevents excessive absorption of sugar to preserve flavor.

Grain de Sail was born in 2010, in Morlaix, Brittany, when two enterprising brothers had the idea of transporting freight to and from the Americas with a specially designed cargo sailboat, thus keeping carbon emissions to an absolute minimum. From the Caribbean the boat brings cocoa and green coffee to Brittany, where the cocoa is transformed into a line of organic bars. The next stop is New York City, to unload a precious cargo of chocolates and wine. And then the boat heads back to the Caribbean for more cocoa and coffee, and the wonderful adventure begins again.

Situated in the midst of the historic Bordelais vineyards, Mademoiselle de Margaux has been producing guinettes and chocolate sticks for local boulangers since 1969. In 1981, a mechanical error led to creation of sinuous sticks that resembled the local grapevines, and the sarments du Medoc were born! Today Mademoiselle de Margaux produces the twigs in wide variety of traditional and innovative flavors.

The Rougié family story began in 1875 in Cahors, in southwestern France, when Léonce Rougié opened a small production workshop that soon became a favorite among gourmets. In 2005, Rougié set up a small production facility in Quebec in 2005. Twenty years later, the Foies Gras that still carry the name of this great family are now identified as a gem of the local gastronomic scene, and are cooked by some the greatest Chefs in North America.
